

Janice worked at her family's farm market, D-G's Farm Market, for over 30 years. Janice went on to own and operate her own market, J&M Deli and Produce for many more years. Janice spent the last 5 years, Mr. Speaker, working at the Bensalem Police Department, a phenomenal organization of tremendously courageous women and men where she was widely respected by our law enforcement community throughout Bucks County.

A longtime volunteer of St. Ephrem Catholic Church, Janice will always be remembered for her kind and giving spirit.

I send my deepest condolences to Janice's beloved husband of 45 years, District Judge Mike Gallagher, her son, her siblings, and all who knew and loved her. I know I speak for our entire community when I say that we are all grateful for Janice's contributions during her incredible 66 years of life on this planet.

Mr. Speaker, may the spirit of her generosity and service continue to inspire everybody in our community and everybody in this Chamber.

NATIONAL HUMAN TRAFFICKING AWARENESS DAY

Mr. FITZPATRICK. Mr. Speaker, today is National Human Trafficking Awareness Day, and I rise in support of the more than 40 million men, women, and children, who are victims of this global tragedy.

Human trafficking is a \$150 billion criminal industry that exploits vulnerable individuals and strips them of their fundamental human rights.

Mr. Speaker, while this criminal conduct may seem a world away, it is very often taking place right in our own backyards. Human trafficking is reported in cities, suburbs, and rural areas in all 50 States in this Nation. Last year alone, the National Human Trafficking Hotline reported 221 cases of human trafficking in my home State of Pennsylvania and more than 10,000 cases nationwide.

These staggering and horrific numbers underscore the need for increased victim support services, education and awareness, and legislative advocacy surrounding human trafficking.

On this National Human Trafficking Awareness Day, let us renew our commitment to the global fight to end this abhorrent crime against humanity and redouble our efforts for the millions of survivors and their victims.

VOTING FALSEHOODS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Georgia (Mr. CLYDE) for 5 minutes.

Mr. CLYDE. Mr. Speaker, I rise today to express my sincere concern for the falsehoods Democrats are spreading across the country regarding Americans' ability to vote.

Over the last year, Democrats have repeatedly alleged that the 2020 elec-

tion was the most secure election in American history, bludgeoning any dissent or legitimate election integrity concerns as "the big lie."

Yet in the same breath, the left has also spent the last year championing an election reform bill, the so-called For the People Act, that aims to federalize our elections processes, ban voter ID, and fund incumbent campaigns with Americans' hard-earned tax dollars—in the name of improving election security.

In fact, the Senate Democrats are attempting to destroy 200 years of precedent by removing the filibuster to solidify Democrat control of elections, thinly veiled as election reform.

But why is it necessary for the Federal Government to take over our elections process—a role specifically designated to the States by our Founding Fathers—if that process is working soundly and securely?

You see, Democrats are willing to put political gains above morality in order to quench their ever-longing thirst for power. This is a perfect example of "the ends justify the means." And that is wrong.

It is really quite simple: Republicans want to make it easier to vote, but harder to cheat. We should all want that. But no, Democrats are tenaciously gearing up to destroy our Republic as we know it by making it easier to cheat.

Take my home State of Georgia. Today, the Vice President and the President will travel to Atlanta to spread more misinformation about voting rights as an attempt to pressure the Senate to eliminate the filibuster. Yet, Biden will conveniently leave several facts out of his remarks:

He will refuse to admit that before this year his home State of Delaware denied voters in-person early voting, and now only requires 10 days of early voting—less than Georgia's minimum of 17.

Why? Because this reality flies in the face of Biden's false narrative that our democracy is under attack by Republican efforts. This is more hypocrisy.

He will fail to mention that just last week, Georgia finally launched an investigation into alleged illegal ballot harvesting in the 2020 election.

Why? Because this truth does not support Biden's vilification of Republicans that raise concerns about the 2020 election.

He will ignore the fact that New York is attempting to grant more than 800,000 noncitizens the right to vote in municipal elections.

Why? Because Biden is willing to overlook illogical and dangerous solutions to obtain control over Americans' lives. Instead, he will comically claim that many Republican States, including Georgia, are attempting to disenfranchise Americans when in fact their State voting laws strengthen election integrity to ensure every solitary American has free, fair, and honest elections. One citizen, one vote.

I firmly reject Democrats' dangerous and deceptive ploy to centralize elections in Washington. It is wrong for Americans. It is wrong for election security. And it is wrong for the future of our Republic.

CONGRATULATING UNIVERSITY OF GEORGIA'S COLLEGE FOOTBALL TEAM

Mr. CLYDE. Mr. Speaker, I rise today to congratulate the 2022 College Football Playoff National Champions, my alma mater, the University of Georgia.

During a thrilling game last night, the Bulldogs defeated the University of Alabama 33 to 18. This exciting win marks the first time the University of Georgia will bring home the College Football Playoff national championship trophy to Athens and our second national championship trophy in the history of Georgia Collegiate Football. What a triumphant ending to an exceptional season.

Congratulations to the talented young men that put their all into the game, and to head coach, Kirby Smart, and the coaching staff for leading the Dawgs to a monumental win. May God bless the great State of Georgia as we now hail two champions from the 2021 season—the Atlanta Braves and the Georgia Bulldogs.

Go Dawgs. Soli Deo Gloria.

The SPEAKER pro tempore. Members are reminded to refrain from engaging in personalities toward the President.

RECOGNIZING THE LIFE OF RANDY POTTER

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from New York (Ms. TENNEY) for 5 minutes.

Ms. TENNEY. Mr. Speaker, in life there are names that once spoken give rise to great emotion. The name "Randy Potter" is one of those names in our community.

Today, I recognize the life of one of Upstate New York's most colorful and original characters, Randy Potter. Simply mentioning Randy's name puts smiles on the faces of all who knew him. Seeing his crazy hair and fun attire always covered in campaign slogans and buttons put a smile on the faces of people who didn't know him.

Randy was a music aficionado and a diehard Grateful Dead fan who attended hundreds of concerts, and he will always be fondly remembered for his love of music. He also enjoyed sports, and it didn't matter which team was playing; as long as it was a New York team, Randy was always their biggest fan.

Perhaps most importantly to Randy, he was someone who cared a lot about our community and about politics and the importance of government, and our community depended on him to get the message out.

Sadly, Mr. Potter passed away quietly on the evening of December 23. A treasure trove of stories, jokes, and the smiles of many, many residents across
